It's happened before. The first Rugby World Cup Final was the same matchup as Sunday's: France v. New Zealand at Eden Park in Auckland, NZ.

Will it be the same result? Four tries were scored in this final, twice as many as in any other final.

Don't forget, Sunday's final will be shown live online on Universal Sports ($\underline{\text{Go Here to Order}}$), kickoff at 3:45am ET Sunday, Oct 23.

And the match will be shown on delay on NBC Sunday at 3pm ET, Noon PT. Help rugby get more exposure on TV by watching that game.
